

**WORKSHOP
ON
ALTERNATIVES TO HCFC 141b IN FOAM MANUFACTURING SECTOR**

24 May 2019

AGENDA

Venue : Central Institute of Plastics Engineering & Technology (CIPET),
DCRUST Campus, 50th Mile Stone,
NH-1, Dist - Sonapat,
Murthal, Haryana 131039

0930 - 1000	Registration	
1000 – 1015	Welcome and Introduction to the Workshop	CIPET Ozone Cell, MoEF&CC
1015-1030	Implementation of HCFC-141b Phase-out in Foam Sector in India	Ozone Cell, MoEF&CC
1030-1100	Overview of non-HCFC-141b & Low GWP Blowing Agents for Polyurethane Foams	Technical Expert (CIPET/Ozone Cell)
1100 – 1115	Tea/Coffee Break	
1115 – 1145	Competency Enhancement of enterprises including Micro, Small and Medium Enterprises (MSMEs) in foam manufacturing sector	CIPET
1145– 1245	Industry Experience of conversion of from HCFC-141b to non-HCFC, Non-HFC Low GWP Solutions	Industry presentations <ul style="list-style-type: none"> • Foam Manufacturing Enterprise • Systems House
1245– 1315	Foaming equipment and retrofitting requirements for using non-HCFC-141b, non-HFC low-GWP technologies	Equipment Supplier presentation
1315-1345	Interaction and Discussions	CIPET, Industry and Ozone Cell
1345	Lunch
